

Website Notification

Our web site is up and operational. The web address is "http://christoursaviorcatholicsschool.org".

Christ Our Savior Catholic School has spent a great deal of time and effort to provide you with a source of information about our school, policies and procedures. We hope that you find it useful and informative. In the continuing effort to keep our administrative and office costs to a minimum, we ask that you use the web site to view or download information that until now had to be printed in our office and required extensive use of supplies and labor to produce.

What You Will Find at the Web Site

In addition you will find staff listings with email addresses, school phone and fax numbers, useful links to sites for parents and students and free software downloads. Since this web site makes extensive use of internet forms, two of the most popular free downloads are Firefox which is a modern web browser and Adobe Reader, which will allow you to view all of the forms attached as a PDF document.

I understand that using the web site will help keep tuition costs down, improve communication between parents, guardians, students and staff. Using the web site for forms will greatly reduce the amount of time I spend at school filling out forms. Please check one of the following.
